CHERRY LAKE HAVEN FOR BIRDS IS IN DANGER

Cherry Lake in Miller's Road Altona, is facing destruction as one of the most important water bird areas in suburban Melbourne.

This is the view of the Victorian National Parks Association contained in a submission to the Melbourne Metropolitan Board of Works by the Maribyrnong Valley Committee.

The committee sent a second submission to the Altona Police Station seeking proper enforcement of reserve bylaws.

Mr. Don Marsh, convener of the Maribyrnong committee, said the destruction of the lake was in three stages.

- Erosion of the north eastern bank.

- Raising of the water level to destroy essential shallow water bird wading areas.

- Salt marsh undergrowth destruction, essential to bird nesting and shelter.

Mr. Marsh said the destruction had been caused by uncontrolled mop-bike, car, horse and bike traffic in the reserve.

"The other problem was the raising of the water level in the lake," he said.

In his submission to the officer-in-charge of the Altona police station, Mr. Marsh said:

"We believe that the

main cause of vegetation destruction is due to motor vehicles, mini bikes and horses.

"We also understand that the use of motor vehicles and horses in the reserve is prohibited.

"We request you to take action to prohibit these breaches of the law, prosecuting if neces-

sary and to draw the matter officially to the Altona City Council's notice.

"This lake is extremely important to water birds. Many of them migrate from as far away as Japan and Siberia and use the bank edges and salt marsh for nesting and shelter."

Young gang rounded up

Altona police have ended a crime wave in the district and rounded up the ringleaders — all juveniles.

So far 13 offenders, aged from 13 to 18 years, have been arrested.

Chief Inspector A. Liddell, in charge of the area, said the youths would face several charges.

During their crime spree the juveniles created wilful damage, broke into houses and cars and stole cars.

Their haul in small goods and cash tallied at \$1000.

Police said that most of the property had not yet been recovered.

Chief Insp. Liddell said three gangs of youths had been responsible for a string of crimes over several months.

"Breaking, wilful damage, larceny of cars and larceny from cars were the main offences", Chief Insp. Liddell said.

Constable Eric Bruten detained three youths at Altona Pier, on Tuesday, June 12. "As a result of questioning, arrests were made," said Chief Insp. Liddell.

Nineteen-year-old Penny Hodgkins, who works at the Fall's Creek hotel, prepares for some skiing after flying in at the weekend. An enterprising lass, she took the opportunity to get a suntan as well.

Altona hospital to get four new beds

Altona hospital's board of management has been given the green light by the Hospital and Charities Commission to prepare plans for an \$11,000, four-bed extension to the hospital.

Completion of the extension by the end of this year, will increase by 20 per cent., the hospital's bed capacity, allowing the admittance of an additional 250 patients annually.

The four new beds will be located in two new wards which will be added to the McBain

Street side of the hospital. The beds will be used by medical and surgical patients.

They will bring the hospital's capacity to a total of 25 beds.

Two beds in the unused X-ray area will be moved into the new building. The hospital board of management is hopeful of installing an X-ray unit later as the hospital has no X-ray facilities.

The Hospitals and Charities Commission

will provide 75 per cent. of the funds required for the extensions.

Recent generous donations, including \$500 from the Altona Lions Club Ladies' Auxiliary, will enable the purchase of bedroom furniture for the new wards.

Plans have also been made for the replacement of very old furniture in the original building and donations for this purpose will be gratefully appreciated.

The hospital's half

share of the cost of each complete set of bedroom furnishings is about \$250, the balance normally being provided by the Hospital and Charities Commission.

The Altona Hospital Ladies' Auxiliary recently donated two beds and other furnishings. The hospital board of management also plans to replace most of the floor coverings and recently the main corridor was fitted with new floor tiles.

NEW DEAL IS SOUGHT ON 'DUMP' ESTATE

By HARRY WEAVER
Mayor of Altona

The 135-acre briquette dump site at the corner of Mills and Mason streets, East Altona (or Paisley as it is often called), has long been a local problem and for many years nearby residents suffered from the briquette dust.

After long and continuing pressure from Altona Council the SEC closed the briquette depot. Council was asked to attend a meeting with the Housing Commission in late 1972 and was told that the commission was considering the site for a modern town house village for 5000 people. It was understood, at that stage, that the project would be of one or two-storey construction.

Several months later the Housing Commission put forward new plans for a village of 8000 people (or 95 persons an acre) which is five times what we have in Altona today. Altona Council, believing that this was too dense for good living, sought the advice of top town planning consultants. Arising out of these consultations the council became convinced that the Housing Commission plans should be altered as follows:

- Reduce population and housing density from 8000 to 4000;
- Omit third and fourth storey buildings which conflict with council by-law providing for a two-storey limit;
- Provide more tree-lined open space and sports ovals;
- Create a large buffer area between heavy industry and proposed housing;

Cr. HARRY WEAVER... still fighting.

Altona council has put its objections to the Housing Commission, together with those from citizens in that area. All that we can do now is to await the outcome of the objection hearing.

ROCK DANCE FLOP, SAYS PROMOTER

The recent Peace-City rock dance held at Laverton was a flop according to promotor Russell Williams.

"Never again will I hold a dance in the western suburbs," Williams told the Star.

"Despite an intensive publicity campaign, only about 50 people turned up for the Saturday night dance."

"Between them they caused such a problem that at one stage our security chaps didn't want to walk outside the building for fear of being attacked."

Mr. Williams, who had not promoted a dance in the western suburbs before, said he would try his luck on the other side of the city.

"The young people seem to have a better outlook on dances there," he said.

The dance was held during the Queen's Birthday holiday weekend. It featured an eight-piece Williamstown group, Bulk Hassles, and St. Albans band, Fragility.

Val's Column

Hello Girls,

If you're a student you are at an age where your assets are obvious, to everyone else if not to yourself. You undoubtedly have thick bouncy hair, a fresh resilient skin with a good natural color, and boundless energy.

You could have oiliness of hair, this also means, usually, an oily skin prone to acne, and then your late nights are too often for health reasons.

You can cope with oily hair problems with shampoos specially formulated for you. Cyclax medicated shampoo copes with both the excess oil and prevention of blemish problems this oily hair may have caused.

Spray on, and thoroughly brush through, dry shampoos as often as necessary.

Skin cleanliness is most important and no matter which skin type you have. Have you noticed your skin was dry last year, but definitely oily now — or the other way around.

Well don't expect the same cleanser to feel as though it is doing a good job.

Dry skins like creamy cleansers, the mildest of milks in a thick consistency, which may include moisturisers — and require tussling off.

Can you imagine an oily skin enjoying these? No!

This skin prefers a liquid or thin milk cleanser, a foaming action and the use of water for removal.

Now, if your skin has more than three blemishes most of the time, I would say you have what we call a "problem" skin.

Dosmetic companies all have special cleansers, toners and moisturisers for you — with medication added to help dry up excess oils and prevent spreading.

Use cleansers carefully girls, apply them evenly all over your face from neck (under chin) to brow. Massage gently but quickly, tissue or wash off thoroughly.

Now using a tissue or cotton wool apply a little toning lotion, wipe over — see, always removes a little more grime. Feels good though!

Don't try to use Mums moisturiser, buy one just for you, just for your skin type.

This moisturiser keeps your skin smooth, it disappears straight away — if it looks greasy you are using the wrong one. Skin needs to feel good as well as look it!

Bye.

POLLUTED CREEK SAFE NOW

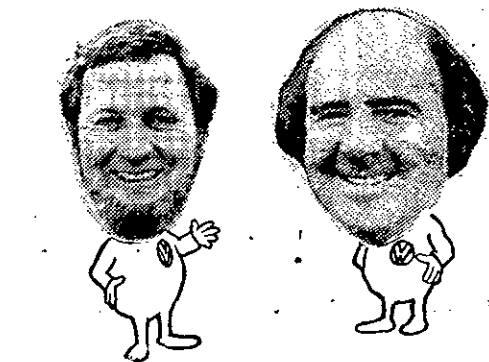

Stock-owners were warned to keep animals away from Kororoit Creek for a few days after liquid formaldehyde polluted it.

About 4550 litres of liquid formaldehyde from an overturned liquid bulk tanker spilled into the creek at the Kororoit Creek Road-Millers Road intersection recently.

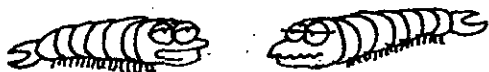

Reporting to last week's meeting of Altona Council, the senior health inspector, Mr. John Russell, said it appeared that the fire brigade diluted the solution sufficiently. Laboratory samples showed that water entering the council's drain was safe.

OIL CO. BACKS HIGH SCHOOL'S PEGASUS DRIVE

Victoria's Assistant Minister for Education, Mr. Brian Dixon, launched the Pegasus appeal for Altona North High School on Tuesday, June 12.

The school hopes to raise \$20,000 towards a migrant education centre, which will also double as a cafeteria for students during school hours.

Other plans are to acquire a country centre, which would enable students to experience a range of educational opportunities, such as hiking, rock climbing, geology and bushcraft.

It would also give students an opportunity to live together as a community and learn about human relations.

The rest of the money will be used to equip a multi-purpose classroom, with facilities for films, television and drama.

Petroleum Refineries of Australia was host to the 160 guests at the appeal opening.

Guests included the deputy Mayor of Altona, Cr. Charlie Carlsson, the Mayor of Footscray, Cr. Fred Maddern, and the Mayor of Williamstown, Cr. D. J. MacDonald.

Guests had a smorgasbord and drinks, provided by PRA.

The appeal co-ordinator, Mr. L. J. Briggs, who is a teacher at the school, hopes that the total amount raised by Pegasus, will be \$80,000. This would include a school co-operative loan and a three-to-one Government subsidy.

Many migrants

Mr. Dixon, who is also the Minister for Youth, Sport and Recreation, said that although some buildings could obtain a subsidy as high as three to one, they were normally given on a one-to-one basis.

"While it is a magnificent project, such projects have to be considered with hundreds of other projects," he said.

"The Government can provide only what we as a community are prepared to provide," he said.

"What better way can you encourage people to become involved in their community than through projects which involve the total resources of that community?" he said.

Mr. Briggs said a survey made at the school last year showed that about two-thirds of the students were from migrant backgrounds and a large percentage of the parents of these students had difficulty in either reading or writing English.

Industry help

"At present, we have two teachers who undertake this work with small groups in the school. We feel, and we are sure you will agree, that these are not satisfactory conditions," Mr. Briggs said.

He envisaged that the migrant education centre would be available to the community in the evenings for similar classes.

"It is thought to be the first time an Australian industry has sponsored a State school appeal.

At the end of the evening, the school received the following: Australian Carbon Black, \$250; Campion Book Service, \$100; Mr. Nordene, \$25; Mr. Mallett, \$10; Cr. Don Joiner (Footscray), \$50; and Mr. J. Smith, \$10.

They appealed for Pegasus. From right: Mr. Laird Briggs, Pegasus appeal co-ordinator; Mr. Roy Roberts, principal of Altona North High School; and the Assistant Minister for Education, Mr. B. Dixon.

FLAT TENANTS CAUSE REFUSE PROBLEMS

Problems relating to tenants in blocks of flats placing refuse in unauthorised receptacles for collection had been brought to the Health Department's attention, the senior health inspector, Mr. John Russell, told last week's meeting of Altona Council.

Reporting to council on his general activities, Mr. Russell said he had inspected and passed eight septic tank installations, nine sullage and storm-water systems and had issued six household septic tank de-sludging permits.

He said he had received two complaints of household nuisances and the necessary action had been taken.

Extra teacher for kinder

Altona Council has sought Health Department approval to the appointment of Miss W. F. Powell, of Seves Street, Altona, as teacher for the additional sessions to be held at Seaholme kindergarten.

The additional sessions have been approved by council. They will be held on Wednesdays and Fridays weekly.

Marathon shift

A Reservoir resident plans to shift a weatherboard home in Sargood Street, Altona, to Inverloch in the Shire of Leon-gatha.

Mr. R. B. Hastings, of Pratt Street, Reservoir recently asked the Altona Council for a health certificate to enable him to remove the building at present at 48 Sargood Street.

Reporting to last week's council meeting, the senior health inspector, Mr. John Russell, said the building was in a sanitary condition and not likely to convey any infectious disease.

He recommended that council grant the certificate.

Seagulls fighting back now

By Geoff Cooke

"1-2-3-4 . . . who do you think we barrack for? 5-6-7-8 . . . who do you think we appreciate? W.i.l.l.i.a.m.s.t.o.w.n — WILLIAMSTOWN!

The 'Gull cheer squad roared approval as their men trampled the Crows at Skinner Reserve, Sunshine, recently.

They also bellowed appreciation against Preston and Coburg. But the faithful band of admirers were not so enthusiastic against Sandringham, Geelong West, Port Melbourne, Oakleigh and Prahran.

Poor souls. Eight games and only three wins to sing about.

It was a different bundle of boot stops this time last season. After eight rounds, Williamstown is seventh on the VFA ladder. At the same stage last year, Williamstown was second — only 1.2 per cent. behind the Association leaders, Oakleigh.

This table shows the decline:

| | 1972 | 1973 |
|------------------------------|-------|------|
| Wins | 6 | 3 |
| Loss | 2 | 5 |
| Pts. for | 890 | 810 |
| Pts. agst. | 719 | 874 |
| Position on ladder | 2 | 7 |
| Percentage | 123.7 | 92.6 |

This year, when Williamstown win, they look sensational. And when defeated, they look pathetic. Inconsistency has caused the slump.

Why? And, if there is a remedy, when will it bring results?

Captain coach Barry Gill, chairman of selectors Bill Raffle and secretary John Grieve, think

they can answer both questions.

Here are their comments:

NORM BERNARD: "The VFA is a particularly even competition. We are capable of beating any side and any team is able to beat us.

"The only disheartening match was against Port. We have been team building, using new players and sorting. The first round has served as an apprenticeship and everything is coming to a head.

"We are confident results are starting NOW."

JOHN GRIEVE: "The beginning was last Sunday week. It was our most consistent, best effort this season.

"We haven't had an established side, but it's settling down now. Players are adapting themselves to Barry's style of coaching and football."

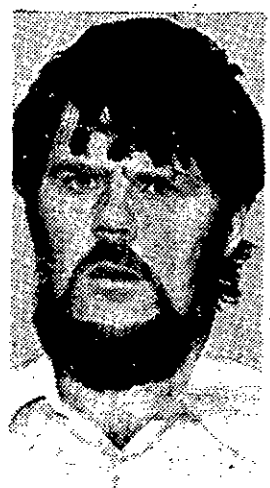

BILL RAFFLE: "The cause has been an accumulation of several things. Firstly, we have a new coach.

"The players are starting to play the way he has been trying to get them to play and now they are completely behind him and his ideas results will follow.

"His own form over the past three weeks has been

NORM BERNARD

JOHN GRIEVE

excellent. We have the potential."

BARRY GILL: "It is my first year down here with a successful club and I have their reputation (and my own) to uphold.

"Players had been instructed to play a different style by another coach. I had different ideas and it takes some time for players to fit into my style.

"The team will go well if players put back into the club what they get out of it. They have realised the only way to really succeed in football is to play as a team."

Next Sunday, Williamstown clash with Dandenong at the seaside oval. How far the Seagulls?

BARRY GILL

CYMS easily

Williamstown CYMS Football Club had little difficulty in beating bottom side Elwood last Saturday.

But early inaccuracy prevented 'Town topping the 200-point mark.

Scores: Williamstown CYMS 21.19 — 145 d. Elwood 5.3 — 33.

Goals: Jones 5, Wendt, Grima 3, Norton, Zammit, Rosenzweig, Boddington 2, Henry, Dean.

Best: Buckley, Jones, Wilkie, Wendt, Halley.

SECONDS

Williamstown CYMS had a decisive victory against Elwood.

Scores: Williamstown CYMS 18.16 — 124 d. Elwood 2.8 — 20.

Goals: Henry 5, Van Der Wert 4, Taylor 3, Carvana 2, Micallef, Langcake, Tee, Buckley.

The Lions play East Kew (away) and the Seconds meet Bentleigh (Gray Reserve) next Saturday, June 23.

Fourths slip

Williamstown Fourths' remarkable winning sequence — 28 straight — ended last weekend.

Port Melbourne Fourths beat Williamstown Fourths by 26 points.

Scores: Port Melbourne Fourths 11.11 (77) d. Williamstown Fourths 8.3 (51).

Goals: Sinnott, Hancock 2, Sims, Kerss, Hickey, Muldow, Best: G. Dean, Shaw, Sandells.

Sealing for less is a new and exciting way to save money on your car.

BODY WORK & TYRES
Inspect bodywork for obvious defects in panels, look for rust. Ensure doors close smoothly and lock securely, headlights, parking and stop lights work effectively. Turn indicators in working order? Look for unevenly worn tyres.

UNDER THE BONNET
Test the engine for starting, smooth idling, check oil level, ensure no oil leaks. Look for signs of wear, check acceleration and power. Clutch, gears, steering and braking, electrical and cooling systems.

INTERIOR
Check floor, ceiling for cleanliness and condition, seating for upholstery springs. Check steering, accelerator and brake pedals, sun visors, dash panel, speedo, fuel gauge, etc.
